Summary

Dear All
Good day.

Please regard this letter as an introduction for your consideration. I am interested in exploring employment opportunities with your organisation on a permanent or contractual basis.

I have always had a keen interest in technology and how the world of technology works. My attention to detail and inquisitive nature has lent itself to immersing myself in a Diploma in Full Stack Software Development with Code Institute.

Over the last 7 months, I have acquired formal training in HTML, CSS, JavaScript and Python. I have built 5 portfolio projects utilizing my skills, with my final project being a fully functioning eCommerce site for a local business. I have also participated in team hackathons. You can view my projects here on my GitHub.

As my resume relates in more detail, I am currently looking for a position as Full Stack Software Developer - <https://sergiykochenko.github.io/MyResume>

My background work I have over 15 years of experience in the Maritime industry. During the course of my experience, I have also a lot of experience in logistics, bookkeeping, with all kinds of documents, electronic equipment fixing and repairing, reports and many more.

In addition to this, I have a Bachelor's Degree and a strong English level. Over the course of my career, I have developed excellent analytical and problem-solving skills, strong time management skills and the ability to deal effectively with all levels of management and staff.

Please provide information concerning possible employment opportunities with your organisation. I wish to thank you for taking the time to review my application and I look forward to the opportunity to discuss my qualifications with you.

Your Sincerely,

Sergiy Kochenko
